RESPONSE TO OFFICE ACTION

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This is in response to the Office Action mailed November 17, 2006, having a shortened
term for reply due February 17, 2007. In light of the following remarks, reconsideration and
allowance of this application are respectfully requested.

PATENT
450100-04942

In the Office Action under reply, claims 1, 4 and 9 were rejected under 35 USC 101 "as claiming the same invention as that of claims 1, 4 and 9 of prior U.S. Patent Application No. 11/582,023." This is the only rejection in the Office Action.

First, it should be noted that Application 11/582,023 is a divisional of the instant application -- it is not a "prior" application. Accordingly, it is not proper to reject the claims of the present, prior application in view of claims of a subsequently filed application.

Second, Application 11/582,023 was filed on October 17, 2006 with a preliminary amendment that canceled claims 1-9. Application 11/582,023 contains claims 10-20, which were canceled from the present application.

Therefore, since Application 11/582,023 does not contain claims 1, 4 and 9, and since Application 11/582,023 does not contain claims that are directed to the same invention as the claims present in the instant application, the withdrawal of the rejection of claims 1, 4 and 9 of the instant application and the allowance of this application are respectfully solicited.

The Examiner is reminded that he required restriction in the instant application between claims 1-9 on the one hand and claims 10-20 on the other. In response to that restriction requirement, claims 1-9 were elected for further prosecution and claims 10-20 were canceled from the instant application and re-presented in Application 11/582,023. Consequently, it would be improper to reject the claims of the instant application on the ground of obviousness-type double patenting in view of the claims of Application 11/582,023, and vice versa.
